| <p>1. On 30 July 1960, a representative of EUCA, visited Salzburg Operations Base for the purpose of discussing changes in the Austrian staybehind activation instructions as recommended in reference a. It was decided that these new instructions would in no way conflict with the individual operational requirements and should be adopted as suggested.</p> <p>2. Austrian staybehind agents will now be guided by the activation instructions as set forth in the attachment to reference b., including the optional, asterisked paragraphs. There will be, however, a slight delay in transferring these new instructions to each individual agent. Most of the agents will be informed in the course of normal contact by the fall of this year but one or two will not be met until the beginning of next year. Hence, we estimate that the changeover to the new program will not be complete until March 1961.</p> <p style="text-align: right;">[Signature]</p> | | | |
